FY2010 Q3 -- RT Ticket Feedback / Client Satisfaction Survey Results

Interpreting the Report

The scores and charts on the first two pages show cumulative averages over 12 weeks of client responses to our per-ticket survey questions. Each ticket belongs to a specific queue, and scores are reported at the queue level on page 3. The IS&T level rolls up all the surveys; Service Desk rolls up many CSS queues; Call Center is a subset of that and excludes the Repair Center, which is shown on its own. For all the charts, the 12-week window rolls forward each week, and the scores are always across that window.

The multiline charts try to convey the rhythm of service performance over time and the relative levels of satisfaction by service dimension. A high-performing service would have all its lines flowing consistently at or above 4.5 and not too far apart from each other.

Some queues have survey responses too intermittent to graph with weekly readings; those are show using only summary numbers for each dimension. The numbers are 12-week averages.

Detailed results by month by queue are shown on the third page showing up to 3 months and resetting at the beginning of the quarter. Color-

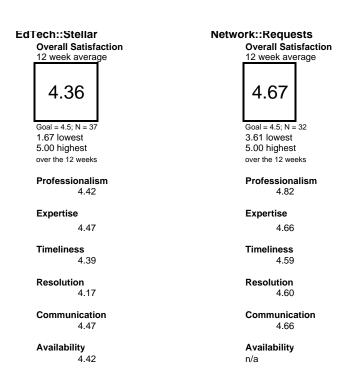

all-Os-surveys xisb FY2010 Q3 -- RT Ticket Feedback / Client Satisfaction Survey Results

These Queues have low enough response rates per week that a weekly graph would be misleading.

All scores presented are a Quarterly average, to smooth out sparse data. Monthly detail appears in the table on the next page.

Note: the big box score of "Overall Satisfaction" refers to question 7 on the survey, not an aggregate of the other scores listed below.

| | | | | question not answered help desk person said he could not |
| | | | | answer my question without seeing the server in question. He |
| | | 1142667 | 1.67 | said my issue was not straightforward or easy to answer. I was hoping that IS&T supported server side mail sorting, |
| | | | | |
| | | | | similar to what Google Apps offer in their Filters/Labels. MIT has a Google Apps account but does not allow mail to pass |
| | | | | through it, nor is there a suitable alternative. It took a few days |
| | | 1141214 | 2 22 | to hear back from IS&T. |
| | | 1171217 | 3.33 | The response took long enough I was able to solve my own |
| | | 1141129 | 2.50 | problem before they got back to me about it. |
| | | | | They never got back to me with the ticket! I ended up solving |
| | | 1140803 | 5.00 | the problem myself. |
| | | | | The helper suggested I change my password and helped me |
| | | | | through the process. When I did, the mail got back to normal. |

| | | | | Thank you for the feedback opportunity. My laptop either |
| | | | | stopped working (complete freeze) or would not start with the |
| | | | | power button. The IST tech thinks it is due to the hard disk. It |
| | | | | seems to more connected to the logic board (why would a disk |
| | | | | problem cause it to abruptly stop or not start?) but I am not the |
| | | | | expert. The tech recommended, reasonably, that I replace the machine, which is four years hold. I cannot argue with the |
| | | | | decision, which seems correct, even though I am not happy |
| 2/1/2010 | Help Desk::Service Center | 1141630 | 4.17 | with the longevity of the machine. |
| | | | | When explaining the terms of my extended Apple Care |
| | | | | warranty, the associate seemed condescending for my not |
| | | | | knowing every detail of the warranty and angry that I would ask what those terms are. In the future, a more understanding |
| | | | | response in a less harsh tone would leave more more satisfied |
| | | 1139730 | 3.33 | with the service |
| | | 1075082 | 4.17 | |
| | | | | In the past when I have come to get advice about buying a |
| | | | | computer, the staff was not very knowledgeable about PC's, only Macs, so it was great to talk to someone who really knew |
| | Help Desk::Presales | 1147488 | 5 00 | |
| | | | 0.00 | the differences between the different PCs. The mist person who responded didn't have the expentise to |
| | | | | solve the problem, but didn't realize it so he sent a reply that |
| | | | | confused me further. Eventually he realized what was needed & sent me to another address but I got no immediate |
| | | | | response from that email. I found a web page on the right |
| | | | | topic, and send a help request from that site - but it was sent to |
| | | | | the first address. Eventually the second address responded, |
| | | | | commented that they now saw that the web page had to be |
| | | | | corrected to send messages to the right address, and answered |
| | | | | my question. The answer was not what I had hoped it would be but that's another problem that has nothing to do with the |
| | Help Desk::HDweb | 1122871 | 3 33 | team's response. |
| | TICIP DESKTIDWED | 1122071 | 0.00 | I was impressed by April that she kept coming back to me to |
| | | | | try and figure out the problem I was having with SAP. She even |
| | | | | went as far as going to others to ask for their help. Thank you |
| | Help Desk::Business Help | 1037412 | 5.00 | again April. |
| | | | | The answer I got was essentially "Not our problem". In fact the |
| | | | | answer was two-pronged; the second part was not even |
| | Help Desk::Athena | 1139241 | 1.67 | addressed, probably becuase they needed to do something. |
| | | | | The less that satisfied responses above refer to my one main |
| | | | | concern. I'm a staff member at MIT who wrote in with a |
| | | | | question regarding a student (who I cc'd (and noted this in the |
| | | | | email) to involve him in the correspondence). However, the person who wrote back, while giving a helpful and accurate |
| | | | | answer, failed to include the student in the reply. While it |
| | | | | wasn't a big time sink for me to forward the response onto the |
| | | | | student in question, it seems less than efficient and would have |
| | | | | been better to include the student on the reply to a) give him |
| | | | | the answer asap and b) minimize the # of emails. I'm not sure if |
| | | | | this is because of a limitation in RT or staff procedure, but if |
| | | | | you could look into it I think that would be helpful. There are |
| | | | | lots of service providers on campus like me who, instead of just referring students to IS&T, like to go the extra mile to contact |
| | | | | you on their behalf, so it would be useful to consider the best |
| | | 1135862 | 3.33 | workflow around this. Thank you. Problem was reported first thing in the morning (9- 9:30am) |
| | | | | but was not fixed until the next day. I can't do my job without a |
| | | | | phone especially during the first week of classes as all sorts of |
| | | | | urgent things come up throughout the day. I was forced to use |
| | | | | my personal cell phone, not only to follow up to find out why |
| | | | | the technician had not come out yet, but to take care of MIT |
| | | | | business. The phone was fixed when I arrived the next day, so I |
| | T. I Ol I. | 4444675 | | had no interaction with the technician, but I needed it fixed the |

| | | | | different homework assignments, but we cannot use the Stellar |
| | Edtech::Stellar | 1143482 | 2.50 | homework page to do this. |

| 2/1/2010 Edtech::Stellar | 1130528 | i never had the opportunity to speak directly with staff, whch for me was somewhat of a dissapointment information was provided via email; the information was clear and helpful, but a phone call may have been a lot easier for someone who started out using a manual typewriter! |

| | | resolve my problem. At the end of the semester, I review the comments written by my students in order to give them a grade on their written participation in the course. Since a significance number of their comments had disappeared from our stellar course site, I was unable to carry out this task. Any useful solution would have needed to be very prompt. I am sure that the problem resolution team has to handle many urgent issues at the end of the term. The December break led to further delays in handling the problem. When the team did focus on the problem, I supplied as much information as I could, but they were unable to retrieve the lost comments or to figure out why they disappeared. I am disappointed since I depend upon the reliability of my stellar site as a means of storing key student documents. I realize that some problems just cannot be solved. I only hope that I do not encounter a similar loss of ma! terial this semester. I have tried to move |
| | 1101509 | away from making paper copies of all student work, but that 1.67 strategy will only work if the stellar copies remain accessible. |

| | 1100000 | Since the network outage lasted for a bit we change our network topology temporarily to provide internet access involving a bit of cabling. Unfortunately the staff sent us an email that the network issue has been resolved. Hence we undid all of the cabling and after a while the network went down again. We had to redo all the work again to provide internet access which was a bit frustrating. It would be useful in the future to completely diagnose the problem and solve it |

| | 1139851 | Nothing. The problem needs to be resolved by my financial 5.00 officer. |
| | | The individual who helped me was courteous, polite, and helpful. However, I called earlier in the day and IS&T was closed for a period of time (about 2 hours) in the early afternoon. I am not sure if this happens daily or whether it was a specific case, but it was frustrating to find that they were not |
| | 1139111 | 4.17 actually open 9-5 as stated. I simply could not figure out what to do in order to get to the point that would allow me to do what I wanted (which was to start a website on my MIT webspace in order to practice Dreamweaver - I couldn't figure out how to get to the correct spot without maybe messing up my connection to my office's |

| | 1137401 | 5.00 contacted me with the same issue. It seemed like I got a form response, because it said (roughly), "This is spam, don't respond to it." Which I already knew because I had sent it in as a report on the spam that I was |

| | 1136260 | 4.17 My problem was simply the lack of support of 64-bit windows This small trouble, as it turned out, stemmed more from a |
| | | peculiarity of my own MacBook Pro laptop than from any flaw of your system. But your staff person whom i happened to reach via your 253-xxxx help phone number proved to be well informed about that oddity too, and so we together sorted |

| | | | I said "satisfied" rather than "very satisfied" because it did |
| | | | take five consultations over 90 minutes to accomplish the |
| | | | downloading to my new computer of Microsoft Word. However, |
| | | | that was better than (on my own) not being able to do it at all |
| | | | (in intermittent attempts over the previous two days). In a way, |
| | | | the fact that it took several IS&T people to solve the problem |
| | | | made me feel like I wasn't such a dope to be unable to do it |
| | 1135089 | 4 17 | myself. Thanks for the help! |
| | 1100000 | 7111 | I had some old word perfect files on my new laptop. It is not |

| | | | also on a zip disk so I can print out the important files on my |
| | 1135085 | | older desktop computer. |
| | | | I haven't yet tried the fix so don't know if it will work. Found |
| | | | out that an old version of kerberos is needed for secure crt on |
| | | | my MIT desktop and need to try installing that on my home |

| | | | I called the first time and was given the contact information for |
| | | | Dell for ordering a computer and receiving an educational |
| | | | discount (I am an MIT student). The person at IS&T told me |

| | | | | Always appreciated when, in the case that a person on your |
| | | | | team can't answer a question, that person then finds someone |
| | | | | else among the computing-help group who can answer it and |
| | | | | solve it. You have a great pool of knowledge to draw from, and |
| | | | | we are best served when, in a difficult case, your team takes advantage of your greater resources and communicates with |

| | | | | The process was long, there were no updates to the ticket, I |
| | | | | called every day with the ticket number and the person on the |
| | | | | phone had to go and find the update on my PC. I was without |
| | | | | my laptop for over a week. Additionally, my Outlook folders |
| | | | | were never backed up as I had thought they were on a daily |
| | | | | basis. I was later told, that if Outlook is open, then Outlook does not back up folders in the normal process. I have lost all |
| | | | | |
| | | | | my outlook history. This was totally unexpected and it should be made very clear to those using the back up service that this |
| | | | | is the process. I now have a back up oulook folder that this |

| | | | This ticket actually covers two internet connection outages |
| | | | (the problem recurred after it was fixed). I was pretty |
| | | | dissatisfied with the handling of my ticket on the first occasion - |
| | | | - it took over 2 weeks for IST to fix the internet connection on |
| | | | my work computer, and it just broke again a few weeks later. |
| | | | Although I had no trouble contacting an IST rep about the |
| | | | issue, the people I spoke to told me that they didn't have the |
| | | | expertise to fix the problem. (But when my Pl called up, they |
| | | | managed to find someone with expertise and fix the problem |

| | | | many years, I have used remote access software (TIMBUKTU) to |
| | | | control my office computer from home. I would like to do the |
| | | | same from my Lap-top when travelling or vacationing. |
| | | | Basically, I need to get onto the Internet with my lap-top, and I |
| | | | would like my lap-top to have independent capability to do so |
| | | | (i.e., be wireless). Your staff member and I discussed the availability of such capability through companies such as AT&T |
| | | | which I had investigated. While monthly charges for such |
| | | | service are quite reasonable, a contract of 12 to 24 months is |
| | | | also required, and I need it only until June 30. If such service |

| | | | | a stable internet connection. I have a lot of IT experience and |
| | | | | called the help desk; when they didn't have a good suggestion |
| | | | | and kept misunderstanding (believing that individual people |
| | | | | had pc problems), I suggested to them that they reset the |
| | | | | routers. Instead, they took the ticket, did nothing, and no |
| | | | | person ever came, though I was promised an in-person visit. I |
| | | | | called multiple times that day and was ultimately told that I |
| | | | | should not expect the routers to be able to support the |
| | | | | students. On Wednesday, filled with frustration, I called again |
| | | | | and was very aggressive in my requests. I believe that request |
| | | | | got a second ticket number and within a few minutes, I got an |
| | | | | email that the routers were resetting. This solved the problem. |
| | | | | I am extremely disappointed that clearly explaining that an |
