# Prototype Photos

**Task 1: Finding a Drink by Ingredients**

Home Screen:

The user touches the "Find Drink by Ingredients" button.

The user is looking for Vodka and touches the "Liquor" button.

The user finds Vodka and touches it. The border of the image becomes highlighted showing selection.
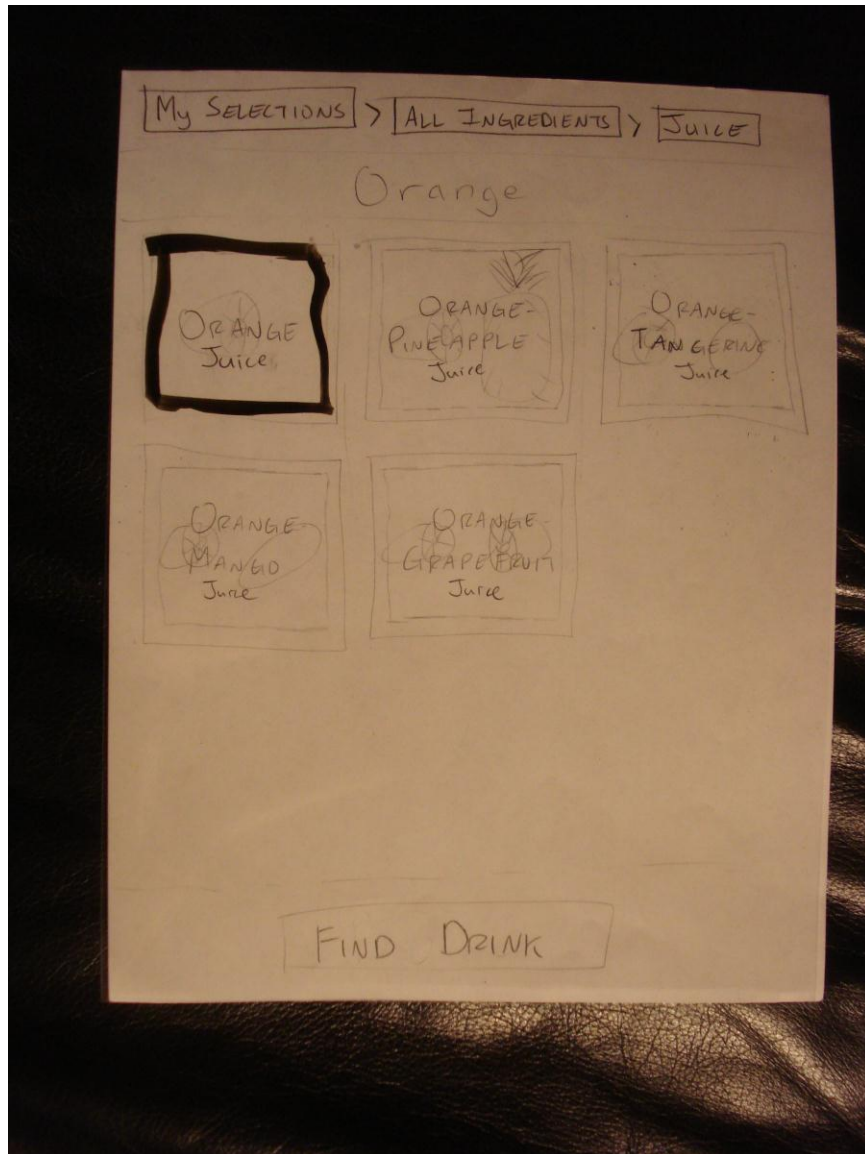

The user is now looking for pineapple juice; he touches the "All Ingredients" button.
The user touches the "Juice" button.

The user sees Pineapple Juice and touches it, causing it to become highlighted. He then sees the

"Orange" button and decides to touch it because he is looking for orange juice.

The user selects the "orange juice." Then he touches the "All Ingredients" button.

The user is now looking for Sprite and Ginger Ale and touches the soda button.
The user makes his two selections and they both become highlighted. The user is finished with his

selections and wants to make sure he made no mistakes so he touches on the "My Selections" button.

Since everything looks fine, he touches the "Find Drink" button.
The user sees that these results are ranked and touches "Drink A"
